

Blue Lagoon tour for NordSec participants, 2 December from 13:15-17:45

The Blue Lagoon - Where the powers of science and the wonders of nature create transformative experiences.

It is entirely fitting that a geothermal spa is one of Iceland's most popular tourist attractions. Created accidentally by runoff water from nearby Svartsengi geothermal power station, The Blue Lagoon is listed as one of the Wonders of the World by National Geographic and is simply one of the essential stops during your stay in Iceland.

Departure from Reykjavik University at 13:15

Included: Bus, guidance & entrance fee with towel, mud mask and 1 drink

Price: ISK 16.500

Please note: We need a minimum of 15 pax to attend to be able to operate this tour
